

DOZER LIFT PADS

DOZER MAINTENANCE MADE EASY

- » Replace the need for hydraulic jacks and custom stands
- » Avoid big set ups and OHS risks
- » No need to be under a suspended load
- » Durable heavy duty polyurethane
- » 250kg - moveable with forklift or attached chain

PART NO. NPR02096-00

ALLOWS EASY ACCESS TO:

- » ROLLER
- » EQUALISER BAR
- » BOGIE PAD
- » RIPPER ARM
- » TRACK

Drive the dozer forward until the front and rear of the tracks are off the ground

Leave the ripper and blade on the ground to balance the dozer

Once the dozer is in position, the tracks can be slackened to allow easy access to the rollers

National Plastics & Rubber promotes safe working practices therefore, performing your own risk assessment is essential before using these products.
